About us

First Bit is a global IT company with European roots that has 100 branch offices in 8 countries

For over 23 years, we've helped customers to transform business processes through comprehensive automation solution for management and accounting as well as a full range of IT-related services.

First Bit achieved leading positions in the automation market by developing 50+ own enterprise software solutions for various business sectors and earning its reputation as a reliable partner by implementing projects of varying complexity.

First Bit has been approved as a provider of the VAT-compliant software by the UAE's Federal Tax Authority

Over 250,000 customers use First Bit's business automation solutions worldwide

"Two times faster order fulfillment and real-time inventory control with FirstBit ERP translates into greater sales volume and customer satisfaction"

Dmitriy Grosu, Head of Sales Department at the AJ Auto Spare Parts

"We are already reaping the benefits of having a centralized solution. We now have better control over the operations, many processes run quicker, and we can see the big picture across the whole company."

Dr. Shine Shajahan

Managing Director at the Shaji Paints

"We would like to specifically thank First BIT for the analytical reporting module. Its flexible setup and different formats allow us to better analyze the demand for any product and adapt to the circumstances without losing money"

Pär Söderlund

Managing Director at the Suma Gourmet General Trading LLC

"I would like to say thank you to the First Bit company and its team, they have helped us to achieve most of our goals and get back on track. We hope to continue this collaboration for many years to come"

Farhad Nawrozzadeh

Owner and Managing Director at the Casanova
