

Sage 50

Quantum Accounting

Sage 50 Quantum Accounting—U.S. Edition

Successfully manage your operations and stay ahead of trends

Experience a new level of accounting and business management with the ease of use of an out-of-the-box solution—at an affordable price. Sage 50 Quantum Accounting enables you to manage all aspects of your business including accounting, customers, inventory, services, jobs, and employees—all in one centralized system.

Compared to mid-market solutions, Sage 50 Quantum Accounting offers a lower total cost of ownership:

- Don't pay thousands of dollars more for functionality you may not need or use.
- Avoid the high cost of mid-market implementation, training, and maintenance.
- Accommodate 1 to 40 users.¹

Compared to other small business products, Sage 50 Quantum Accounting offers:

- Depth of functionality.
- Improved speed and database capacity.
- Sage 50 Intelligence Reporting to monitor your business performance.

Meet the evolving needs of your business

Sage 50 Quantum Accounting is a multifunctional accounting and business management solution

that offers strengths in the following areas:

- Financial Management
- Customer Management
- Inventory Management
- Vendor Management
- Employee/Payroll Management
- Jobs Management
- Intelligence Reporting
- Workflow Management
- Multiuser Management Security
- Features specific for your industry: professional services, manufacturing, distribution, construction, and nonprofit

Sage 50 Quantum Accounting enables you to manage all aspects of your business including accounting, customers, inventory, services, jobs, and employees—all in one centralized system.

Why choose Sage 50 Quantum Accounting?†

- **Value**
Sage 50 Quantum Accounting is a total business management system that offers just the right amount of functionality at an affordable price.
- **Performance**
You'll experience greater performance, capacity, and scalability to support your business success.
- **Peace of mind**
Run your business with confidence because of the powerful flexibility, security, and support that come with Sage 50. And as your business grows, you can rely on other Sage products throughout the life of your business.

Make more informed decisions

Use the analysis tools offered in Sage 50 Quantum Accounting to help you better manage your finances:

- **Analysis and reporting**—Achieve and maintain financial health with the Cash Flow Manager and Collections Manager. Recognize opportunities and monitor trends using the 140+ built-in reports. Or create customized reports using Sage 50 Intelligence Reporting, a powerful Microsoft® Excel®-based reporting solution that integrates with your real-time Sage 50 data.
- **Internal Accounting Review**²—Run up to 15 audit checks on your data at any time to find potential mistakes.
- **Audit trails**—Monitor transaction changes and track each entry by user to help deter fraud.

Implement centralized business management

Sage 50 Quantum Accounting provides for all your core accounting needs—plus, it incorporates functional and collaborative tools and features that help you run your operation more efficiently.

Order process workflow

From one centralized place, easily track all the moving parts of your order process, so nothing gets missed. Also, notify the next person in the process with a status and specific notes as needed. Automatically send notifications to designated employees, customers, or vendors once a task is completed.

Centralized management centers

Sage 50 Quantum Accounting is your one-stop shop for managing each customer, inventory item, service item, or job. Get the details quickly with customizable dashboard views and highlight the information you need to better serve your customers, as well as make more informed, more profitable business decisions.

Personalized dashboards

Each user can create customized dashboards to organize key, real-time information and access it easily. View relevant tasks and filter data based on how you need to track it.

Multiuser management

- Accommodates 1, 5, 10, 15, 20, 30, or 40 licensed, named users¹

- Strong role-based security down to the screen level
- Optimized database capacity with no hard limits on database size³

Enjoy peace of mind knowing you're always current and supported

Your Sage 50 purchase comes fully supported and includes valuable tools and services that help you save time and money.⁴

- **The latest version of Sage 50 Quantum Accounting**, with updates for as long as you're enrolled.
- **Unlimited⁵ access to technical support analysts** by phone, email, and online chat for your Sage 50 solution.
- **The advice you need**, with access to Sage Small Business Webcast Series.
- All of these benefits are part of your autorenewing Sage Business Care plan and are included as part of your product purchase!
